FOR RGV TEACHERS, PRINCIPALS & DISTRICT STAFF

FUND YOUR FIELD TRIP

PRACTICAL FUNDING PATHWAYS TO EXPLORE FOR 2027

START WITH YOUR SCHOOL OR DISTRICT

Ask your principal, grants office or federal programs coordinator which funds may support a curriculum-linked STEM field trip.

WHY THIS TRIP IS EDUCATIONAL

Two hours of hands-on Earth science, physics, engineering and design. Students explore beach geology, water movement, compaction and real-world construction principles.

1 **CAMPUS / DISTRICT BUDGETS**

Ask about science enrichment, approved field trips, instructional programs and transport funding.

2 **TITLE IV-A: WELL-ROUNDED EDUCATION**

Districts may support qualifying STEM enrichment; eligibility and spending must be confirmed locally.

3 **ARTS INSPIRE: TEXAS CULTURAL TRUST**

Check the next grant cycle and eligibility for qualifying arts-learning experiences.

4 **WALMART SPARK GOOD LOCAL GRANTS**

Eligible schools or nonprofit partners can investigate current local-grant opportunities.

5 **PTA / PTO + COMMUNITY SPONSORS**

Consider local businesses, education foundations or parent groups for bus and program support.

REQUEST A SCHOOL QUOTE: 956-433-9948

Funding is not guaranteed. Schools must confirm current dates, eligibility, approved educational purpose and allowable costs. Prepare a TEKS-linked plan, student worksheet, supervision plan and itemized budget.
